A Year of Blessings

The first line of
our mission state-
ment states we are "a
Christian university
which seeks to glorify
God by integrating
faith, learning and liv-
ing." LeTourneau is a
community of faith,
seeking to bring glory
to God—and grateful
for His every blessing.

This past year has
been a good one
because of the many
outstanding efforts of
our students, faculty,
staff, administration,
board, alumni and
friends. And most
importantly, it's been
good because our lov-
ing and faithful God
has shined down His
blessings on us.

*"Oh, taste and see
that the Lord is
good; blessed is the
man who trusts
in Him."*

Ps. 34:8 (NKJV)

Record Student Enrollment

Last spring semester we reached an all-time high of 1627 students. Yet that record was shattered again this fall. Enrollment now stands at 1745, including our campus-based students, those in our adult programs and those in our graduate program. We rejoice at the tremendous growth in the number of those who are drawn to

LeTourneau's Christ-centered, quality programs. Our growth has not come at a loss in quality. The SAT scores of our entering freshmen have risen to 150 points above the national average. And the spiritual commitment of our new students is very strong.

With record enroll-

ment growth comes a wonderful problem: a need for more facilities. We have opened up the last wing of the Women's Residence Hall (our incoming freshman class has the largest number of female students we have ever had in a new class). Male resident halls are at 102 percent of capacity and several men are temporarily living in a campus-owned house just off the campus.

Record enrollment in our LEAP program in the Dallas area caused us to outgrow our Dallas Educational Center. This summer we doubled our capacity there, providing an attractive and highly functional facility for the future development of that program.

Significant Academic Additions

Last fall we began a new major in psychology, offering only lower division courses. We have now hired Dr. Tony Norman, an outstanding Christian psychologist, to head up the program and offer the full four-year curriculum beginning this fall. We anticipate strong interest in this major and expect it to help attract and retain new students.

Our Master of Business Administration program, which began just a year ago, has met solid success, with over 125 graduate students already enrolled in the program.

Improvement of our Facilities

Longview Hall was dedicated in November 1992 and has been the answer to a decade of prayer and planning. The nine classrooms, four computer labs, administrative areas and faculty offices are as fine as anyone would hope to have.

"Project Recycle," funded by your gifts, renovated the old business classroom building into a Student Services Center to more effectively meet the needs of our students.

The Administrative Computing System, reported on in the last edition of the NOW, continues to be installed, and departments are being brought on to the system.

In a few weeks we dedicate our new Houston Educational Center, providing LeTourneau educational opportunities to the fourth largest city in the nation.

A Balanced Budget

Praise the Lord! Our closing statements at the end of the fiscal year (June 30, 1993) indicate that we ended the year in the black for the seventh straight year. But not by much! On a budget of \$16 million our year-end surplus was about \$21,000. This is less than a 2/10ths of 1 percent differential factor.

We continue to operate with a commitment to sound stewardship. We have not borrowed any new money for any purpose, capital or operational, for seven years. Our indebtedness has been reduced from \$3.5 million to about \$2.1 million, and all current debt will be paid in full by the end of the decade.

The Alumni Phonathon, completed in September, was the best ever, with some \$70,000 raised for 35 student scholarships. These LeTourneau students will be able to continue at the University because of alumni generosity.

Total giving to the University was \$1,140,092, including restricted and unrestricted giving. We praise God for the faithful stewardship of our alumni and friends.

Board of Trustees

The University welcomes four new members to the Board of Trustees who were elected at the LeTourneau University Board's May meeting:

Dr. Richard Chewning,
Chavanne Professor of Christian Ethics in Business,
Baylor University, Waco, Texas.

Dr. Kenneth Hall, *pastor*,
First Baptist Church,
Longview, Texas.

Frederick Steudler, *engineer and business owner*,
Conestoga, Pennsylvania.

Birne Wiley, *President of Missionary TECH Team*,
Longview, Texas. Birne, who is a 1959 LeTourneau graduate (Industrial Engineering), will serve as the alumni's representative to the Board.

EXPENDITURES • as of June 30, 1993

Outstanding Student Achievements

During the past year, our students—encouraged, directed and supported by our fine faculty—continued to shine in national and statewide competitions in aviation technology and mechanical and electrical engineering. Our first-ever entry in the International Human-Powered Submarine Race resulted in a first-place prize in the technical presentation category. Students designed, built and raced three mini-baja vehicles and a remote-controlled cargo plane in other competitions.

Our cross-country team continues their outstanding performance under the direction of Coach Ken Roden. Once again they competed in the NCCAA nationals; something they have done for 14 of the past 15 years. The 1993 soccer team may have its best season ever.

The first-ever all campus Christmas pageant and musical, under the superb direction of Mrs. Pat Carmack, was a stunning success and a high point in our musical program.

A Bright Future

I am certain that many things will occur that we cannot foresee...and that is okay. One of the great things about being a Christian is that we can have the confidence that we are in the loving hands of the God of the universe. He knows what is best for LeTourneau University. Our job is to be available to receive His blessings and be ready to make the most of them when they arrive.

During the next 18 months the entire University will prepare for our 10-year accreditation cycle review from the Southern Association of Colleges and Schools (SACS). This review includes a thorough institutional self-study, which involves all faculty and management staff. Don Connors, whom we welcomed back to the campus after several years in Dallas, will head up the self-study. It will be time-consuming and demanding, but we will learn from it, and it will help us do a better job.

In 1996 we will celebrate the 50th Anniversary of our founding. We soon plan to kickoff a campaign that will be the

largest in our history, taking in projects and programs in excess of \$16 million. Through our campus master plan we have identified projects which need to be funded. Pray with us as we develop this capital campaign.

The Blessing of Our Calling

God has called some of us to LeTourneau to teach, some to support, and some to administer. He has called all of us to serve...to serve our students and to serve each other. Our greatest accomplishment, and therefore our greatest blessings, will come when we see our students excited about being here, maturing and growing in knowledge and in truth, and then in turn going forth to work and to serve.

We depend on people who share our commitment to Christian education. People who serve LeTourneau out of love for the University and love for our Lord. They give their time, energy and resources to see that our important mission is carried out.

In recognizing the
Alumnus of the Year and Honorary Alumni of the Year,
we express our appreciation
to these faithful partners in ministry.

ALUMNUS OF THE YEAR

LeTourneau University honors Arthur B. Waskey, WE '72, as our 1993 LeTourneau University Alumnus of the Year.

"Art Waskey exemplifies everything we believe a LeTourneau graduate should be. He has reached a high level of responsibility in his work, has a strong and growing Christian walk, a solid relationship with the University and a commitment to make a difference with his life," said John Galiano, director of alumni relations.

The University particularly recognizes Art's tremendous vision and hard work which is bringing about the creation of LeTourneau's first endowed professorship. As chairman of the Omer Blodgett Endowed Chair campaign, he has been a key player in raising funds among welding alumni toward the \$700,000 campaign goal. Although there are just 400 welding alumni,

Art was able to rally these alums to get behind the project, raising over \$150,000 to kick off phase one of the campaign. This enthusiastic response by our alumni has had a positive impact on corporate and foundation decision-makers who are being challenged to help us complete the campaign.

Art is vice president of sales for General Air Services and Supply, Denver, Colo. He is an active member and leader in the American Welding Society. He serves on the University's Welding Advisory Council. He and his wife, Sandy, who also attended LeTourneau, serve as coordinators for the Colorado-area alumni chapter. Art has been very active in his local church, including coordination of his church's involvement with Promise Keepers.

We congratulate Art on his selection as our 1993 Alumnus of the Year, and are honored to count him as one of our alumni.

Honorary Alumni of the Year

Mr. and Mrs. Donald Wolgemuth are being jointly honored as our 1993 Honorary Alumni of the Year.

To fully enumerate all their efforts would be impossible in this space. Don and Kathy, who live in Manheim, Penn., have volunteered their time, energy and resources on behalf on LeTourneau since at least the mid '70s. Their involvement includes gifts which have been instrumental in the completion of Pennsylvania Hall and dozens of other construction and renovation projects. They have been coordinators of our annual LeTourneau Banquet in Lancaster, Penn., for more than 10 years. They have encouraged dozens of young people to attend LeTourneau, including their son, Andrew, who is a 1980 welding technology graduate. Don is currently providing leadership to the University as a member of the University's Board of Trustees.

"When one looks for persons who manifest the qualities of generous Christian stewardship, quiet but capable leadership, and loving concern for others, one turns immediately to Don and Kathy Wolgemuth," said President Alvin Austin.

We are grateful to the Lord for the friendship and support of Don and Kathy, and delighted to honor their faithfulness in this way.

Birne Wiley New Alumni Association President

Birne D. Wiley, IE '59, has been selected to serve a two-year term as president of the LeTourneau University Alumni Association. He will also serve as a member of the University's Board of Trustees.

He is founder and president of Missionary TECH Team, a Longview-based missions support organization which provides architectural and construction assistance to Christian organizations.

Birne was an honors graduate in industrial engineering, and from 1961-1965 served on the LeTourneau staff and faculty. He was honored as Alumnus of the Year in 1972.

Birne and his wife, Lynella, have two children. They make their home in Longview.

Distinguished Alumni Awards

For more than 20 years LeTourneau has recognized outstanding graduates and friends of the University by presenting "Alumnus of the Year" and "Honorary Alumnus of the Year" awards.

Beginning this year, the University administration and Alumni Association will also recognize "Distinguished Alumni" who are making a significant difference for the Lord in their work, for the University, or in other types of service.

NANCY LONGENECKER MENDEZ, is being honored as a Distinguished Alumnae in recognition for her service as a member of the Board of Trustees.

Nancy, who attended LeTourneau from 1973-76, has actively and enthusiastically served as a board member since her election in 1990. During that time, the Board oversaw the completion of two major building projects, the introduction of LeTourneau's first-ever graduate program, the University's expansion into Dallas and Houston, and a doubling of student enrollment.

Her heart for service to LeTourneau is a heritage passed on by her father, Dr. Justin Longenecker, who was a member of LeTourneau's board for many years. Nancy and her husband, Albert, are members of the President's Circle.

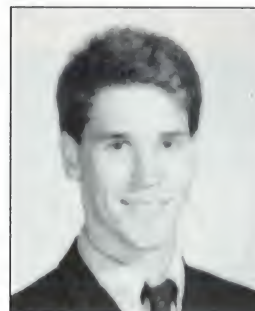

The Mendezes have two children. They make their home in Whittier, Calif.

DANIEL ROHRBACH, ME '89, is being honored as a Distinguished Young Alumnus for his significant contribution to the University as a recent graduate.

Dan has been a design engineer for Modular Concepts, Inc., a Bloomington, Minn., company which designs and builds automation equipment.

Dan has worked on behalf of the University. He was instrumental in his company's hiring a LeTourneau student. While still a student, Dan served as president of the KZX house and played a key part in the construction of its new quarters. Since graduation he has maintained close ties to KZX and is an enthusiastic supporter of its activities and programs. Dan served as a coordinator/organizer of this year's Minneapolis-area alumni chapter meeting, and is a member of the President's Circle.

ROYCE A. YODER,

ET '64, is being honored as a Distinguished Alumnus for his long and outstanding volunteer service to the University.

From 1987 to 1993 Royce continuously served on the Alumni Executive Council and has just completed a two-year term as president of the Alumni Association. During his term he served as the alumni representative to the University's Board of Trustees and also worked through a major revision of the Alumni Association bylaws.

As director of special engineering projects for Marathon LeTourneau, Royce has been instrumental in the hiring and supervision of LeTourneau

students who have worked part time at that manufacturing facility. Royce and his wife, Nancy, have entertained dozens of LeTourneau students in their home over the years and are Heritage Club members. All three of the Yoder children have studied at LeTourneau, including Glenn (BU '87), Andrew (ME '92) and Karen (attended 1984).

VICTOR C. RICE,

IE '65, is being honored as a Distinguished Alumnus for his outstanding management abilities.

Vic is director of construction and maintenance for Minnegasco, Minneapolis, Minn. He manages 160 employees. "As a manager, Vic embodies what we're looking for as we move forward; and he just happens to practice it today," said Cathy Sherin, vice president of Minnesota Operations for Minnegasco. A co-worker put it another way: "He is a manager of the 21st century."

Vic's management efforts have resulted in a 20 percent improvement in productivity in several key areas and a much improved level of cooperation and morale. The head of the local 949 union noted that the department's employees really "feel that we're working with someone instead of for someone."

He recently was one of eight natural gas company managers who were honored nationally as an "Outstanding Manager of the Year" by the gas industry.

Vic's son, Allen, is a senior mechanical engineering major.

With Gratitude and Thanks

The following individuals and organizations made contributions to LeTourneau University during the period July 1, 1992 to June 30, 1993. We deeply appreciate each and every gift and the many friends who make it possible to carry on the work of educating Christian young people. Rest assured that your gifts are used in a manner consistent with the sacrifice that accompanies them.

PRESIDENT'S CIRCLE

Initiated in 1987, members of the President's Circle contribute \$1,000 or more per year to the Annual Fund.

***"I attended
LeTourneau back in
the mid-1960s. Now
my son is attending
There have been a lot
of changes, but the
primary things have
not changed: the
dedication of the
staff, the quality of
your education and
the wonderful Christ-
like atmosphere.
God bless you, stu-
dents!"***
